## Quarterly Report Summary

The OC CARES system links the various systems of care in the County of Orange to provide full care coordination and services for justice-involved individuals to successfully reenter society and work towards self-sufficiency. These systems of care include behavioral health, healthcare, housing, benefits & support services, and community correction. This innovative approach was developed building on the County's efforts as part of the nationwide Stepping Up Initiative and locally developed Integrated Services Strategy. With Stepping Up, an overall strategy that focused on reducing the number of individuals with mental illness in custodial care was developed that required the integration of services from disparate county departments and community partners. This strategy was then expanded and used to create the Integrated Services – 2025 Vision (2025 Vision) implementation plan, which has been updated to serve OC CARES.

The 2025 Vision was adopted by the Board of Supervisors (Board) on October 22, 2019 and links the county criminal justice system and our systems of care to provide inmates and at-risk-individuals with the services they need to become self-determined and facilitate successful reentry.

To ensure a thorough examination of Orange County's criminal justice system, the 2025 Vision was built on five "pillars." Each pillar is made up of overarching "goals" assigned to specific departments that are tracked and implemented via "action items." The pillars and their main objectives are as follows:

1. **Prevention:** Developing public informational and communication campaigns, interventions, and diversion opportunities, particularly related to substance use and mental health, to prevent individuals from being involved in or returning to the criminal justice system.
2. **Courts:** Enhancing or developing diversion programs, including the expanded use of Specialty Courts, for individuals in the criminal justice system from the point of arrest to sentencing.
3. **In-Custody:** Developing in-custody programming and providing access to treatments, and services to individuals residing in the County jails to address mental health, substance use, education, job readiness or other basic and support other that link to post-custody services, in addition to trainings to prepare them for successful reentry.
4. **Reentry:** Providing accessible and supportive services to justice-involved individuals to facilitate their reentry back into the community that includes a comprehensive coordinated system to ensure continuity in treatments or programs received while in-custody continue post custody to maintain engagement and lead to self-sufficiency.
5. **Juvenile & Transitional Aged Youth (TAY):** To provide a continuum of information, programs, and enhanced services for youth, juveniles, and the TAY population to prevent them from entering the juvenile justice system, providing options away from being detained, and to support and encourage positive outcomes outside of the juvenile justice system.

The 2025 Vision is a permanent component of Orange County's annual Strategic Financial Plan. Its oversight is provided by the Orange County Criminal Justice Coordinating Council (OCCJCC), co-chaired by Supervisor Andrew Do and Chairman

Doug Chaffee. The OCCJCC includes county departments, Courts, and local law enforcement.

Implementation of the 2025 Vision is jointly led by a Director of Performance Management and Policy and the Budget & Finance Director in the County Executive Office (CEO). During the first three years of implementation, significant progress was made through the use of targeted working groups established for Courts, Reentry, Juvenile & TAY, Strategic Legislation & Funding, and Data & Metrics and a general implementation working group which ensured coordination across departments. As the 2025 Vision enters the last three years of implementation, working groups will continue to provide the overall guidance and direction for the Vision and task forces will be used to focus on the completion of critical projects. Maintenance and further enhancements will then transition to an established oversight group consisting of key stakeholder departments and community-based organizations.

The OCCJCC meets regularly to receive updates and collectively formulate initiatives in order to meet the needs of the target population. Revisions are approved by the OCCJCC and included in the County's Strategic Financial Plan and presented to the Board annually.

Planned OCCJCC Offsite meetings are used to address a specific topic to move the 2025 Vision forward and provide an opportunity to inform and obtain feedback from other law enforcement agencies and community providers. The 2025 Vision was a result of the OCCJCC Offsite meeting held in July 2019. A second OCCJCC Offsite was held on September 24, 2021, focusing on the reportable outcomes and performance indicators for each of the five pillars to begin to measure the success of the 2025 Vision which is in progress.

The following Quarterly Report has been revised to report the current status of the identified projects and programs being implemented as part of the 2025 Vision. Whereas prior Quarterly Reports focused on Pillars, Goals and Action Items, the revised report identifies the projects that are still in progress and includes a more defined timeline to ensure completion by December 2025. The table below lists the projects in progress and provides the estimated completion date. Descriptions and additional details for each project can be found in Appendices D and E.

Although significant progress has been made, efforts were impacted, and projects delayed as a result of the COVID-19 pandemic. However, the County is committed to the 2025 Vision completion date and any revisions or adjustments to the anticipated timelines have been included in the following report.

## Appendix C: Working Groups and Task Forces

Implementation of the 2025 Vision has been facilitated through the use of various working groups and task forces. Working groups were established for pillars or specific projects that crossed over several stakeholder departments. Task forces were implemented to focus on one area or project and limited to departments critical for the project. Below is a listing of the current working groups and task forces involved with the 2025 Vision.

### **WORKING GROUPS:**

**OC CARES:** Meetings are held on a monthly basis and receives and provides updates on the status of projects covering the entire 2025 Vision in addition to serving as a forum to share information that may impact current or future efforts. Members include key individuals from all stakeholder departments and the Courts and are responsible for ensuring their OCCJCC representative is prepared for the OCCJCC regular meetings.

**Courts:** Meetings are scheduled for every two months and focus on the status of Court-related projects, moving them forward, and policy and implementation needs.

**Reentry:** Meetings are held on a monthly basis where the group works to develop the scope and types of services and programs needed for the various reentry needs identified.

**Strategic Legislation & Funding:** This working group has been expanded to track legislative actions or help guide policy to better meet the needs of the 2025 Vision including identifying how the County is measuring success and aligned with state and federal initiatives as well as identify new funding opportunities.

**Data & Metrics:** Meetings are held monthly and work through the data elements required for the reportable outcomes and performance metrics. Participants include staff from all stakeholder departments and the Courts who are responsible for reporting of data and metrics as well as the County's data consultants.

### **TASK FORCES:**

**OC CARES:** Meetings are held monthly and address all five of the County's Systems of Care to ensure any barriers to services are addressed timely and appropriately.

**Juvenile & TAY:** A task force has been established for each area under the Juvenile and TAY pillar to address 1) Prevention; 2) Courts; 3) In-Custody; and 4) Reentry. Each task force is focused on their area with identified objectives and facilitated by designated staff from the key stakeholder agencies.

Task Forces area being established to address priorities for Care Management, In-Custody, and Media/Public Information.

## Appendix D: Project Details & Status (Adults)

### Pillar I: PREVENTION

#### A. Communication & Media Campaign

Purpose: Increase public awareness of various services including mental health and substance use topics and other supportive services and resources including but not limited to

- Reducing the stigmas associated with mental illness and substance use
- Informing the public on the signs of mental illness and how to access services
- Increasing the readiness of first responders for mental health-related calls
- Increasing diversion options away from the criminal justice system and into treatments and programs.

**B. Supportive Housing**

Purpose: To ensure sufficient housing options exist for placement of juvenile and TAY population to continue the path to self-sufficiency with the inclusion of supportive services to meet the specific needs of the individual, such as SUD treatment or homelessness.

Status of Project Implementation:

By December 2025									
1	Identify the available supportive housing options and capacity including but not limited to SUD sober living programs, shelters, emergency shelters, step-down services and develop and implement a plan to ensure the capacity meets the current and projected demand.
