BUSINESS CALENDAR

1. Homeless Management Information System (HMIS) Minimum Participation Requirements for Public Housing Authorities – Sarah Jones, Continuum of Care (CoC) Manager, Office of Care Coordination

Sarah Jones provided background on the Orange County HMIS Policies and Procedures which outlines minimum standards of participation in the Orange County HMIS to ensure data quality and support general best practices. Due to the different structure and requirements that Public Housing Authorities (PHAs) have for funding, there is an established requirement for PHA's to report to the U.S. Department of Housing and Urban Development (HUD). Currently within the Orange County CoC, there has been an identified need to update HMIS minimum participation requirements specifically for PHAs that would support their continued engagement in the Orange County CoC and Coordinated Entry System (CES) processes.

Recommended Action a: Recommend the HMIS minimum participation requirements for PHAs for review and approval by the Orange County CoC Board.

Judson Brown motioned to approve the recommended action. Robert Morse seconded the motion. Motion passed unanimously.

PPS Committee Member Comment:

- Judson Brown expressed appreciation for the Office of Care Coordination working collaboratively with the PHAs to bring the item forward and reduce the duplication of data entry. Judson Brown commented that the administrative burden that PHAs have is overwhelming with substantial difficulties in hiring and maintaining staff and the collaboration to bring this item and solution forward is appreciated, as well as the continued collaboration to refine this solution. Judson Brown expanded on the importance of the item and expressed strong support for the item.

Public Comments:

- Alma Huerta from Anaheim Housing Authority inquired about data entry of updates for family composition, changes in income, and other interim updates.
- Kerrin Cardwell from Anaheim Housing Authority expressed concern as she would like the requirement to enter income and family compositions updates to be removed. Kerrin Cardwell also expressed concern about the administrative burden on the staff, duplicative reporting to HUD, and data entry, and suggested the minimum requirements still be addressed to cover the interim changes as well.

2. CoC Nominating and Selection Process Review Ad Hoc Recommendation – Felicia Boehringer, CoC Administrator, Office of Care Coordination, and CoC Nominating and Selection Process Review Ad Hoc

At the February 14, 2023, meeting, the PPS Committee membership approved the creation of the CoC Nominating and Selection Process Review Ad Hoc (Ad Hoc) to review CoC Board nomination and selection process recommendations provided by the 2022 CoC Nominating Committee. The Ad Hoc expressed a desire to ensure the process of becoming a CoC Board member is accessible and equitable, considering people with lived expertise of homelessness and those engaging leadership in the Orange County CoC, by eliminating the requirement for a resume submission, reducing CoC-specific jargon, and including clear language. A revised CoC Board Candidate Interest Packet had been drafted, which included additional information on the CoC Board Member responsibilities and qualifications, details on the nominating and selection process and targeted questions that sought to gain insight on the candidate's expertise and interest in serving.

Ad Hoc member Christina Weckerly Ramirez shared that the goal of the packet is to not only focus on accessibility and inclusion, but to also remove and address barriers, assess strengths, and clarify expectations, to determine if a candidate's strengths and contributions would align with the vision and expectations of the CoC Board.

Recommended Action b: Approve drafted CoC Board Candidate Interest Packet for the 2023 CoC Board Seat Nomination and Election as recommended by the CoC Nominating and Selection Process Review Ad Hoc.

Robert Morse motioned to approve the recommended action. Nishtha Mohendra seconded the motion. Chair Becks Heyhoe, Judson Brown, Christina Weckerly Ramirez, Nishtha Mohendra, Robert Morse, and Maricela Rios-Faust voted yes. Motion passed.

PPS Committee Member Comments:

- Maricela Rios-Faust inquired if any candidate that fills out the form would automatically move forward to an interview process or if there is a screening before an interview process. Maricela Rios-Faust suggested that there would be an opportunity for everyone to be interviewed and not screened out, to consider candidates that are conversationally better at describing qualifications. By doing so, it would also allow for a more diverse base of candidates. Maricela Rios-Faust suggested further exploring recruitment strategies.
- Nishtha Mohendra inquired about the timeline for implementing the ideas that are being discussed and if it will be applied to the upcoming cycle at the end of this year.

Public Comment:

- Dawn Price, Chair of the CoC Board, wanted to express the importance of this item and suggested this item be added to the agenda of a future Service Provider Forum and other committee meetings to promote the possibility of participation in the CoC Board.

3. HMIS Access Working Group Member Appointment Procedure – Sarah Jones, CoC Manager, Office of Care Coordination

The HMIS Access Working Group meets monthly or as needed to review HMIS Access Applications and agencies not meeting the HMIS minimum participation requirements, as well as continue to refine the process for facilitating equitable review of applications received. Currently, the Orange County HMIS Policies and Procedures states that, "the HMIS Access Ad Hoc will be comprised of two to three CoC members appointed by the CoC Board membership, the CoC Collaborative Applicant and the HMIS Lead". Further detail on the procedure for appointing new members, including desired qualifications, is needed to support with filling vacancies in the HMIS Access Working Group. Utilizing the feedback received from the PPS Committee at the meeting on June 13, 2023, the Office of Care Coordination drafted the HMIS Access Working Group Appointment Procedure which details the

desired qualifications for HMIS Access Working Group.

Recommended Action a: Recommend vacancy procedure and desired qualifications for HMIS Access Working Group members.

Maricela Rios-Faust motioned to approve the recommended action. Robert Morse seconded the motion. Chair Becks Heyhoe, Judson Brown, Christina Weckerly Ramirez, Nishtha Mohendra, Robert Morse, and Maricela Rios-Faust voted yes. Motion passed.

Public Comment:

- John Underwood inquired if the working group will be subject to all California state meeting requirements.

4. Orange County HMIS Policies and Procedures – Sarah Jones, CoC Manager, Office of Care Coordination

Sarah Jones provided background on the Orange County HMIS Policies and Procedures as it relates to Agency Access and law enforcement. Feedback was provided at the March 2023 CoC Board meeting by a number of law enforcement agencies regarding access to the Individual Shelter Bed Reservation System within HMIS. To support better dialogue and conversation between the Office of Care Coordination, the CoC Board and law enforcement meeting was held on Friday, May 12, 2023. This feedback from the May 12th meeting was shared with the Lived Experience Advisory Committee on May 2, 2023, for discussion.

PPS Committee Member Comments:

- Judson Brown strongly encouraged the PPS Committee to add an agenda item to provide law enforcement access to HMIS, specifically to the bed reservation system. Judson Brown stated that upon hearing concerning public comments in March 2023 from Homeless Liaison Officers (HLOs) that directly work with people experiencing homeless within Orange County, it would be beneficial to be responsive to those concerns and have a robust conversation about that item.
- Maricela Rios-Faust agreed with Judson Brown's recommendation for the need to have a robust conversation regarding the item to explore ways to move forward.
- Christina Weckerly Ramirez wanted more discussion and expressed concern about giving access to the bed reservation system, as law enforcement would then have access to everything in HMIS. Christina Weckerly Ramirez stated that it is a bigger picture concern not only for the PPS Committee, but also the CES Steering Committee. Christina Weckerly Ramirez inquired how to best serve the client and keep the client at the center of the discussion without disenfranchising law enforcement partners by not providing access.
- Nishtha Mohendra requested to create more time for discussion on this item to ensure it has the right attention and mindfulness.
- Robert Morse inquired about the technology and asked why the HMIS system cannot be adjusted in order to have information and access separated. Robert "Santa Bob" Morse inquired about alternative assistance to create a solution to the access and information issue.
- Chair Becks Heyhoe commented that 2-1-1 Orange County (211OC) was responsible for operating HMIS and Orange County United Way (OCUW) acquired 211OC as of July 1, 2023. OCUW has now taken on the responsibility of HMIS, and this issue will be looked into to find any potential solutions.

Public Comments:

- Sergeant Juan Montiel of the Santa Ana Police Department expressed understanding of the privacy issues involving HMIS. Sergeant Montiel suggested a separate portal that HLOs can

utilize out that will allow direct referrals to the bed reservation system which would not require a HLO to connect with a street outreach worker. Sergeant Montiel clarified that the Yale Navigation Center only has 10 set-aside law enforcement beds out of a total of 425 beds and that nine cities must share those ten beds; however, Bridges at Kraemer Place has 20 set-aside beds with a smaller number of cities accessing those beds.

- Roland Perez, HLO of the Westminster Police Department, commented he does not need access to HMIS, but has two civilian employees that should have access in order to refer people to the bed reservation system and to bypass having to send information through various other representatives. Roland Perez concluded that a longer discussion would be informative as to why there is an issue to provide law enforcement with full access to HMIS.

5. Continuum of Care Updates – Sarah Jones, CoC Manager, Office of Care Coordination

Due to limited time, the CoC Updates were not shared verbally but available in the PowerPoint Presentation uploaded online. Sarah Jones noted that applicable updates will be shared at the next meeting of the PPS Committee.

6. Adjournment: Regular meeting on September 12, 2023, 3:30 p.m. – 5:00 p.m.
