- Highlight agencies on the HMIS website that pass the agency audit on the first attempt
- Develop policy for agencies unresponsive to audits
- Agencies approved for HMIS access have 90 days to begin participating in HMIS

# Lived Experience Advisory Committee Feedback

- Agencies unresponsive to scheduling the audits should be required to pay an additional fee
- Remove the term “entity” from the Consent to Share Protected Information form
- Agencies serving homeless clients should be required to participate in HMIS

# User Feedback

- Changing “entity” to “service provider/organization” on the Consent to Share Protected Information form is a great idea and is much more trauma-informed
- Include a synopsis of the Consent to Share Protected Information form that is easy for clients to understand

# Minor Revisions

- Updated Key Terms & Acronyms with HUD Data Standards changes
- Updated HMIS Lead to Orange County United Way to reflect acquisition of 211 Orange County
- Incorporated Agency Access Working Group policy into Agency Access policy
- Grammatical corrections and clarifying language throughout

# Updated Policy: Agency Access

- Victim Service Providers receiving CoC Program funds or ESG Program funds may request up to five licenses for read-only access in HMIS for the purpose of care coordination. The provider will be required to pay the User Fee for 1 – 5 users as outlined in the Participating Agency Requirements section.
- Organizations that are required to submit the Agency Access Application will be required to complete an online course to understand HMIS requirements
- Agencies approved for access must begin entering data into HMIS within 90 days of approval

# Updated Policy: Agency Access WG Qualifications

- Have the availability to commit to serve a minimum term of one year

# Updated Policy: Agency Audits

- After 2 unsuccessful attempts to contact the agency the HMIS Lead Agency will reach out to the agency's leadership.
  - If the agency remains unresponsive after attempting to contact the agency's leadership twice the agency will fail the audit for that year.
- If any deficiencies are found in the audit, the Agency Administrator and the HMIS Lead Agency staff person will agree upon a date that the issue should be resolved by. If the corrections are not made by the agreed upon date, the agency will fail the audit for that year.

# Updated Policy: Agency Audits

- Agencies that fail their audit will be reviewed by the HMIS Access Ad Hoc to determine the appropriateness of the agency's continued participation in the OC HMIS, and the agency may have HMIS Access revoked.
- Agencies that pass their HMIS Annual Audit will be recognized on the OC HMIS Website.

# Updated Policy: User Licenses

- Agencies may request standalone Looker licenses for the purposes of scheduling ad hoc reports to be sent to a secure location outside of HMIS. The fee for these licenses is \$1,236 per license annually, and is subject to change per vendor licensing fee. This functionality is optional, and not necessary to access the agency's data in HMIS.

# Business Calendar – Item #2

## Housing Assessment Recommended Changes

- In response to feedback from people participating in CES, CES access points, Housing Providers and Shelter Providers, the CES Administrators recommend updating the CES Housing Assessment.
- Proposed changes:
  - ❖ The addition of accessibility questions – was recommended to the CoC Board at the May 22, 2024, meeting and was **approved**.
    - Updates to the Housing Assessment were implemented as of June 1, 2024.
  - ❖ Housing opportunity descriptions – were reviewed by the PPS Committee at the May 14, 2024, meeting and were **not approved**.
    - The PPS Committee membership recommended additional review of the housing interest option descriptions by the CES Steering Committee, to provide clearer and more consistent language
    - Office of Care Coordination incorporated feedback into assessment for review at CES Steering Committee
  - ❖ At the July 3, 2024, meeting, the CES Steering Committee reviewed PPS Committee feedback and **approved** additional proposed revisions to the housing interest options, **with the request that the Office of Care Coordination explore including a table to compare the housing opportunity descriptions.**

# Business Calendar – Item #2

## CES Housing Assessment Recommendation

- The CES Steering Committee provided feedback that it would be helpful to have a table that compares the different housing opportunity descriptions with a breakdown of
  1. Rental assistance
  2. Supportive services
  3. Income/financial contributions needed
  4. Overall goal of each housing type
- The Office of Care Coordination partnered with the HMIS Lead, Orange County United Way's 211OC to explore if the table option would align with the functionality of Clarity, the HMIS platform.
- A table format is not offered within Clarity.
- Alternatively, the Office of Care Coordination used feedback received on the housing descriptions to provide a more detailed and consistent breakdown within the assessment.
- If the proposed changes to the CES Housing Assessment are approved by the PPS Committee, the revised assessment will be taken to the CoC Board for approval at the August 28, 2024, meeting.

## SHELTER-TO- HOUSING

Homeless shelters in the County provide more than just beds for persons experiencing homelessness. Shelters are considered a gateway to housing and provide a variety of services to support people experiencing sheltered homelessness to obtain and sustain housing. On April 4, 2024, the County conducted a “point-in-time” snapshot of the County’s two shelters, Yale Navigation Center and Bridges at Kraemer Place, in an effort to understand the current state of the shelter-to-housing pipeline. The results were astonishing and spoke to the need to increase housing in the county for those experiencing homelessness.

Yale Navigation Center &  
Bridges at Kraemer Place

**72%** of its current population completed all necessary steps to be eligible for housing

**Only 1 out of every 12** were connected to housing
