Quarterly Report Summary

The OC CARES system links the various systems of care in the County of Orange to provide full care coordination and services for justice-involved individuals to successfully reenter society and work towards self-sufficiency. These systems of care include behavioral health, healthcare, housing, benefits & support services, and community correction. This innovative approach was developed building on the County's efforts as part of the nationwide Stepping Up Initiative and locally developed Integrated Services Strategy. With Stepping Up, an overall strategy that focused on reducing the number of individuals with mental illness in custodial care was developed that required the integration of services from disparate county departments and community partners. This strategy was then expanded and used to create the Integrated Services – 2025 Vision (2025 Vision) implementation plan, which has been updated to serve OC CARES.

The 2025 Vision was adopted by the Board of Supervisors (Board) on October 22, 2019, and links the county criminal justice system and our systems of care to provide inmates and at-risk-individuals with the services they need to become self-determined and facilitate successful reentry.

To ensure a thorough examination of Orange County's criminal justice system, the 2025 Vision was built on five "pillars." Each pillar is made up of overarching "goals" assigned to specific departments that are tracked and implemented via "action items." The pillars:

1. **Prevention:** Developing public informational campaigns and interventions – particularly related to substance use and mental health – that divert people from involvement in the criminal justice system.
2. **Courts:** Strengthened coordination between county agencies and the courts, including an examination of potential adjustments to existing specialty courts.
3. **In-Custody:** Enhanced mental health and substance use programs, linkages to post-custody services, and training to prepare people for successful reentry.
4. **Reentry:** Developing a comprehensive system to ensure continuity in treatment for mental health and substance use disorders and promote positive outcomes.
5. **Juvenile & Transitional Aged Youth (TAY):** Expanded mental health services, substance use disorder treatments, and stable housing options for juveniles and TAY who have a high risk to enter or reenter the criminal justice system.

The 2025 Vision is a permanent component of Orange County's annual Strategic Financial Plan. Its oversight is provided by the Orange County Criminal Justice Coordinating Council (OCCJCC), co-chaired by Supervisor Andrew Do and Supervisor Doug Chaffee. The OCCJCC includes county departments, Courts, and local law enforcement.

Implementation of the 2025 Vision is jointly led by a Director of Performance Management and Policy in the County Executive Office (CEO) and a Team Lead from the CEO Budget Office.

Each OCCJCC stakeholder identifies senior staff to participate in working groups tasked with executing the 2025 Vision and recommending amendments to the OCCJCC for its consideration. Staff created Courts, Reentry, Juvenile & TAY, Legislation, and Data & Metrics working groups; and a general implementation working group to ensure coordination across departments.

The OCCJCC meets regularly to receive updates and collectively formulate initiatives in order to meet the needs of the target population. Revisions are approved by the OCCJCC are included in the County's Strategic Financial Plan and presented to the Board annually.

The following report provides a summary of the status of outstanding requests, highlights of this quarter's activities, and issues or proposed changes requiring OCCJCC guidance.

Status of Outstanding Council Requests

The following is a listing of the requests made by OCCJCC that were outstanding or resulting from the last regularly scheduled meeting.

1. Establish a subgroup to provide an analysis of the OCCJCC-approved coordinated reentry plan and use of existing County facilities for implementation of the plan.

Status: (No change) In Progress. The subgroups were formed and began to tour the facilities proposed. Further analysis and alternatives are being explored with respect to the repurposing of the Juvenile Hall campus. OC Public Works is involved to help establish short- and long-term plans.

2. Incorporate data to provide the needed information to make data driven decisions.

Status: In Progress. The County contracted with a data consultant firm to analyze the 2025 Vision Report and a Data Plan has been received with the core data elements identified. Further analysis is being done by the data experts in the key stakeholder departments to refine reporting indicators needed. Efforts are currently on hold until the completion of the logic modeling process to develop System Flow Charts.

3. Develop System Flow Charts for each Pillar.

Status: In Progress. Contracted Data Consultants and research staff from stakeholders have been meeting weekly to develop the System Flow Charts. Drafts are anticipated by the end of July and anticipated to be shared at the OCCJCC meeting in August to begin the discussions and review process.

4. Enhance the OCCJCC Website to include links to relevant reports and information.
Status: In Progress. The test webpage has been completed that now includes a description and mission for OCCJCC as well as links to the most recent Board Resolution establishing the OCCJCC, list of current members, 2025 Vision Implementation Plan, quarterly updates, annual reports, as well as the agendas and minutes from previous meetings. This is anticipated to launch in July.

Quarterly Highlights

The impacts of the COVID-19 pandemic have caused delays in implementing some action items while providing an opportunity to expedite the mental health survey in Pillar #1. The Integrated Services Working Group is meeting monthly and reviewing the entire plan to ensure it is accurate with respect to action and completion timeline expectations. The following are highlights from this quarter's report.

Pillar #1: Prevention

All Action Items identified for FY 2020-21 have been successfully completed.

- **Completed:** A pilot program was implemented in Dana Point and expanded to South Patrol that involves a multi-resourced approach with dedicated behavioral health clinicians to address response calls involving mentally ill individuals. Discussions are ongoing regarding expansion to the north and central regions and resource needs. (Goal #4, AI #5)
- **Completed:** The ESRI application has been linked to the County's CARE Plus system. During this process, the anticipated inbound interface was not a viable option and the Action Item was revised to reflect this, as included below. Staff have been trained on the application and it is used for outreach and engagement. (Goal #4, AI #8, 9)
- **Completed:** Reporting has been standardized in the Sheriff's Department to include mental health related response calls. Field Operations Manual was updated to address the protocols for presenting individuals who are experiencing a mental health crisis. (Goal #4, AI #10)
- **Completed:** A training program has been implemented in the Sheriff's Department to ensure all deputies (in-custody and patrol) and dispatch staff receive the standard CIT training. (Goal #4, AI #13)
- **Completed:** A multi-disciplinary team has been established in line with the implementation of the CARE Plus system. (Goal #5)

Pillar #2: Courts

- Significant progress was made in efforts to track Collaborative Court participants. The Courts coordinated with stakeholder departments within the Collaborative Courts to identify a tool with the pilot for WIT and HJC DUI Courts set to begin September 2021. In addition, a small working group has begun analyzing existing data to determine needs and success measures. (Goal #1, AI #2a, 2b)

- Significant progress was made in analyzing data and programs to see if there is a need for a new Adult Specialty Court. An assessment was done on the existing MH diversion cases and a proposal is being worked on to centralize them as CCB1. Opportunities are being assessed to expand Homeless Outreach Court to serve more of the homeless population in communities throughout the county. (Goal #2, AI #1c)
- **Completed:** Data and programs in the Juvenile Specialty Courts was analyzed and the need for a Family Treatment Court was identified that would operate out of the child welfare courts. This new Court would work with families where children were removed due to substance use allegations against the parents. Also identified and in the planning phase, is a dual jurisdiction specialty court for youth involved with the Social Services Agency and Probation. (Goal #3, AI #1c)
- **Completed:** The District Attorney's Office provided a listing of programs utilized for pre-trial diversion including the statistical information on number referred and outcomes, as available. (Goal #4, AI #1a)

Pillar #3: In-Custody

- **Completed:** The staffing levels identified by HCA-CHS have been established through the budgeting process with the last 37 positions provided with the FY 2021-22 Budget. Recruitment remain an issue, but is being addressed by CEO and HRS, and currently the unit is appropriately staffed to meet the needs of the currently reduced jail population. (Goal #1, AI #4)
- **Completed:** The housing module for the emerging youth population in the jails has been planned with implementation anticipated by September 2021. Capacity for the module is 32 inmates and currently, 22 inmates have been identified as potential candidates. (Goal #2, AI #2)

Pillar #4: Reentry

- The County has sought a federal earmark to help fund reentry efforts of \$5M with the final determination pending. In addition, programming and facility needs continue to be analyzed with OCPW engaged in the process.

Pillar #5: Juvenile & TAY

- Significant progress has been made to implement coordinated remediation services for in-custody youth pending competency proceedings. Probation and the Courts have identified a provider to train staff and establish the program. (Goal #1, AI #3b)
- **Completed:** HCA has partnered with the County Department of Education to increase behavioral health services in the schools. Plans include analyzing student mental health assessments to determine BH resources and trainings. Areas to address include suicide prevention, mental health awareness, staff wellness workshops, trainings, and peer-supported educational services. (Goal #1, AI #4)
- Significant progress has been made in identifying the inventory of available housing options, which needs to be compiled and need determined. (Goal #2, AI #1)

- Completed: The applicable databases have been incorporated into the County's data integration platform and an existing multi-disciplinary team has been identified to meet the needs to address the high utilizers. (Goal #3, AI #1, 2)

Proposed Revisions to the Integrated Services 2025 Vision

The following changes were made to the 2025 Vision:

Pillar #1: Prevention

Goal #4: The Action Item pertaining to the incoming and outgoing interfaces to link to the data integration platform was revised to only reflect the outgoing interface. In working with the ERSI application, the outbound information was successfully linked to the County's CARE Plus system which was the main intent. However, the constraints of the system and concerns over the type of information to be shared led to the incoming interface to be no longer needed. (AI #8)

Goal #4: With ERSI as the application, the training and roll out of its use was expanded to all Homeless Liaison Officers to facilitate outreach and engagement efforts and not limited to the pilot program in South Patrol. (AI #9)

Pillar #2: Courts

Goal #1: The Action Item pertaining to assessing and evaluating a tool for tracking data and people was clarified to be applicable for the Collaborative Courts. (AI #2a)

Pillar #3: In-Custody

Goal #1: The Action Item identifying the staffing needs for HCA-CHS and OCSD to properly address the new LPS and Mental Health Modules was revised to reference only HCA-CHS. OCSD staffing needs will be addressed when the Musick construction is completed. (AI #4)

Goal #1: The Action Items pertaining to staffing and establishing a new treatment plan for the new space at the Musick facility was moved from FY 2020-21 to FY 2022-23 to align with the construction plans and renumbered accordingly. (AI #8, 11)

Goal #1: The Action Item regarding the number of trauma-informed care trainers was revised to focus on ensuring all Deputy Sheriffs assigned to Custody Operations receive CIT training. (AI #10)

Pillar #4: Reentry

No proposed changes.

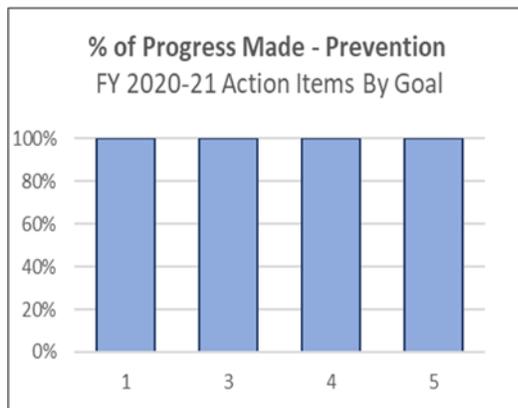

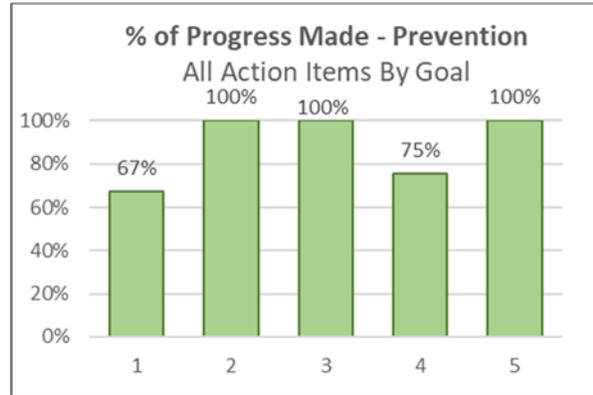

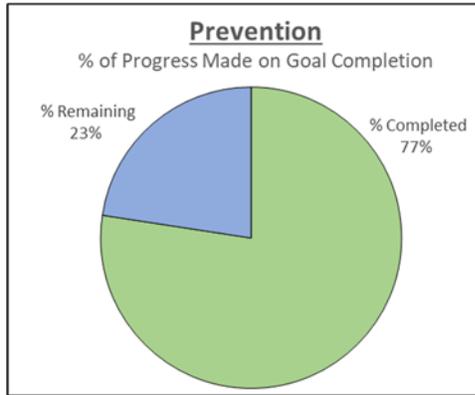

Pillar #5: Juvenile & TAY

No proposed changes.

Status of Goals Summary

SSA: Sumit Sapra

BOS: Paulette Chaffee, Chris Gaarder, Jessica Guerrero

Last Meeting: May 10, 2021

Meetings scheduled for every other month. Next meeting is scheduled for July 12, 2021.

Status: The Courts Working Group is focused on implementation of Pillar 2 Action Items as listed in the County's 2025 Vision.

Received and discussed diversion options offered by the DA's Office and available statistics regarding enrollment and completion. The Courts are working with key stakeholders to clarify the criteria to apply to determine those eligible to analyze capacity demand and availability.

Next Steps: Continue with the capacity analysis.

Concerns: None at this time.

REENTRY WORKING GROUP

Chaired by: Bryan Prieto (Probation), Kim Engelby, Liz Guillen-Merchant (CEO)

Members: The Reentry Working Group has been established with one subgroup devoted to the Juvenile and TAY needs and one for the Adult reentry needs with members as listed below:

Subgroups	Juvenile/TAY	Adult
Courts:	Judge Joanne Motoike	Kristal Valencia
DA:	Kimberly Doyle	Jess Rodriguez
HCA:	Brett O'Brien, Dawn Smith	Jenny Hudson, Joanne Lim, Erin Winger
